Work Experience

Junior PHP Developer

Everlution s.r.o | Bratislava, Slovensko

Nov 2024 – Jun 2025

- Responsible for 3 web applications done in PHP with the **Symfony** framework.
- Maintaining and upgrading existing systems – fixing bugs, adding new features, and improving performance and security based on client or team needs.

Junior Full-stack developer

Resap.sk | Remote, Slovakia

Jan 2024 – Aug 2024

- Helped with back-end implementation and code refactoring
- Developed new features for a web application, including PWA implementation, push notifications, email verification, Google login, and calendar reservation integration.

Junior Manual Tester

YourLox | Bratislava, Slovakia

Jan 2024 – Aug 2024

- Tested web application
- Helped with design and brought ideas for new features

Mobile app developer

mComputing | Bratislava, Slovakia

Feb 2023 – Apr 2023

- Developed Kotlin native mobile app to help with research of User's movement tracking
- App records user's location using GPS and Wi-Fi, then sends the data to server

Junior Manual Tester

VUB | Bratislava, Slovakia

Jun 2022 – Aug 2022

- Tested Internet Banking on both web and native mobile app
- Created virtual clients with credit and debit cards for future testing

Personal projects

Ikea price tracker (ScandiTrack)

[View website](#)

- Developed a web application for tracking IKEA products – after a user enters a product URL, the application scrapes product information. The user can then set an email address and a desired price threshold. If the product price drops below the set value, the application sends an email notification.

Changed unreadable copied text from PDF

[View on GitHub](#)

- Created Python .exe application to modify unreadable text when copied from pdf (in Slovak language)

Added workout session into TickTick

[View on GitHub](#)

- Developed a Web extension to add workout session from university website into TickTick

Languages

Slovak – native

English – B2

Hobbies

- In my spare time I like to play sports and exercise. I used to play **floorball** for 10 years from younger teens up to the men's category A – The highest league in Slovakia. I also have a coaching license **D**, thus I have coached both younger teens and juniors.
